## Bad Weather/Rained out Games

**Cancellations** - WSA is responsible for determining whether a game must be canceled due to weather at any time up to the start of play. When field conditions may be considered questionable due to inclement weather, the WSA will update the by 4:30 p.m. on weekdays, **7:00 a.m. for Saturday and by noon on Sundays**. Coaches, parents and players may check for current field conditions online or Facebook page.

### Weather Policy for GAMES

**Games in progress** - If severe weather strikes and the game was at least 5 minutes into second half or more, the game is considered complete and will not be rescheduled. Otherwise, the game will be rescheduled at a later date, as long as there are reschedule dates available.

**Games not in progress** - For games not in progress but set to start within the hour, (or next set of games scheduled) a decision will be made by WSA concerning those games at their scheduled game time. Please check the WSA, website or Facebook page.

**If it is raining AND the fields are in good shape  
AND there is no Lightning -> WE WILL PLAY GAMES**

When you think that games might be cancelled – DO NOT ASSUME THEY ARE!

## International Football Association Board (IFAB) Soccer Playing Rules

- ⚽ Some rules are age specific.
- ⚽ Some are NTSSA or US soccer enforced playing rules.
- ⚽ A print-out of age specific rules is included for you.
  - How many players to field and game length.
  - When to Substitute.
  - What are Build-out Lines.
- ⚽ Some rules are called leniently by Referees in the younger age groups (U4-U6)
  - ⚽ If we called everything there would be too many game stoppages for kids to get to play.
  - ⚽ The point is to teach the kids the game of soccer and let them have fun.

**Hint:** Download the IFAB App  
This is a great resource for Soccer Laws and Rules. It is recommended for ALL Referees.

**Thank you!**
